Golang学习之路

用python一时爽,一直用一直爽!

但是 重构就是火葬场!!!!!!

项目管理和维护很麻烦!!!!!!!!

已有的学习之路(很完整,github上开源的,不是我弄的)

https://github.com/developer-learning/learning-golang

开始学习

菜鸟教程 https://www.runoob.com/go/go-tutorial.html GO语言中文网 https://studygolang.com/subject/2 《GO语言四十二章经》https://www.jianshu.com/nb/29056963 百易教程 https://www.yiibai.com/go/

学习方向(避免重复造轮子)

路线图 https://github.com/Quorafind/golang-developer-roadmap-cn https://github.com/hackstoic/golang-open-source-projects GoBooks https://github.com/dariubs/GoBooks

练习和学习

golang99道练习题 https://studygolang.com/subject/258
Go语言标准库 https://books.studygolang.com/The-Golang-Standard-Library-by-Example/
gojson https://github.com/ChimeraCoder/gojson

Web框架

```
beego https://beego.me/
gin https://github.com/BroQiang/gin/blob/master/README_ZH.md
iris https://studyiris.com/example/index.html
```

设计模式

设计模式 https://github.com/senghoo/golang-design-pattern

开发环境

vscode Goland idea+插件
